## All Purpose

### Water soluble fertilizer

#### Product Features and Benefits

- Provides sufficient phosphorus to promote vigorous seedling development, root establishment and development.
- Provides a high rate of potassium for improved drought tolerance, greater disease resistance and improved wear tolerance.
- Contains a balanced mixture of boron, copper, iron, manganese and zinc to prevent nutrient deficiencies. Particularly useful in sandy soils.
- Iron provides deep green color without excessive top growth.

## All Purpose

### Directions For Use

- Read the entire label before use.
- Apply only as directed during the growing season.
- Use only at recommended rates
- Nutrite encourages responsible use of our products. Help do your part in protecting our rivers and lakes by following label indications and cleaning driveways and walkways after application. Do not apply to frozen ground.
- In order to ensure compatibility with pesticides and spray adjuvants, do a jar test prior to tank mixing. Use adequate volumes if adequate water quality is not possible, warm water will aid solubility.
