### Instructions

- READ THE LABEL BEFORE USING.
- Apply when soil temperature is between 12°C and 28°C.

### Application Rate

- Mix one part FIESTA with 24 parts water (40 ml in 960 ml of water). Apply the mixed solution at a rate of 200-400 ml/m<sup>2</sup>. Thoroughly spray weeds -uniform coverage is important. Repeat treatment once in four or more weeks, if necessary. Refer to the product label for complete directions and use restrictions.

### Precautions

- KEEP OUT OF REACH OF CHILDREN.
- CAUTION: CAUSES SLIGHT EYE IRRITATION
- Avoid contact with eyes, skin, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, and chewing gum or chewing tobacco. Wear protective eye-wear and waterproof gloves during application or during mixing, loading, and repair/clean-up activities. Avoid breathing vapour or spray mist. Do not re-enter or allow re-entry into treated areas until the spray is dried. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.
